Speaker: *Bob Bissell, FEMA Region VII*

Noon - *Conference Ends*

**Missouri Floodplain & Stormwater Managers Association
P.O. Box 775
Jefferson City, Missouri 65102**

Dear Floodplain and Stormwater Administrators,

I would like to personally invite you to attend the 11th Annual Floodplain & Stormwater Management Conference on May 10th thru 12th at the Resort at Point Arrowhead at Lake Ozark, Missouri. The conference is jointly sponsored by the Missouri Floodplain & Stormwater Managers Association (MFSMA), the State Emergency Management Agency (SEMA), and the Federal Emergency Management Agency (FEMA).

Last year's changes were so well received that we're pushing the envelope a little more this year by adding even more educational and social opportunities to this year's conference. This year we'll kick off the events with a dessert social on Wednesday evening and a pre-conference workshop on Thursday morning. The "traditional" conference schedule will then begin at noon on Thursday.

Thursday afternoon will be filled with a variety of educational opportunities and Thursday evening we will again offer a social hour and dinner cruise on the beautiful Lake of the Ozarks.

We'll start again early Friday morning with a continental breakfast, proceed with a varied array of workshops and interesting speakers, then conclude at noon on Friday. Additional tickets for the dinner cruise and continental breakfast may be purchased so that your guest may attend these events with you. Your guest will also be welcome to attend the dessert social on Wednesday evening at no additional charge.

This new format will provide you the opportunity to extend your stay at the lake through the weekend so that you can enjoy some relaxation and recreation on your own or with your family. The Resort graciously extends the conference room rate through the weekend to attendees who wish to stay over.

We hope you like the changes we've made this year and that we'll see you at the lake!

Sincerely,

A handwritten signature in black ink, appearing to read 'Janet Sanders', is written over a light blue background.

Janet Sanders, CFM

CURRENT MFSMA OFFICERS

Janet Sanders, President - 573-243-2300

CERTIFIED FLOODPLAIN MANAGER PROGRAM

Administered by the ASSOCIATION OF STATE FLOODPLAIN MANAGERS

The Association of State Floodplain Managers has inaugurated a national program to professionally certify floodplain managers. The program recognizes continuing education and professional development that enhance the knowledge and performance of local, state, federal and private-sector floodplain managers. A professional certification program is critical at this stage in the flood hazard management industry in order to provide a formal, measurable mechanism for training and developing proficiency in those persons who make decisions to guide development and mitigation in floodplain areas.

The formation of a professional certification program is recognized as an effective means to:

- Formalize a procedure to recognize and provide an incentive for individuals to improve their knowledge of floodplain management concepts;
- Enhance individual professional development goals;
- Promote an understanding of relevant subject matter that is consistent nationwide;
- Convey new concepts and practices; and
- Build partnerships among organizations and agencies that share the goal of advancing sound floodplain management.

THE EXAMINATION FOR CERTIFICATION WILL BE GIVEN

MAY 11, 2006

FROM 9:00 a.m. To 12:00 NOON

AT

The Resort at Port Arrowhead

3080 Bagnell Dam Blvd.
